TECHNOLOGY AND HARVARD.

Plan for Alliance to be Submitted Soon to the Two Corporations.

The Committees of the Technology and Harvard Corporations, which have been since last Spring considering jointly the possibility of an educational alliance between the two institutions, have almost completed their work. The plan which they have drawn up, and which is satisfactory to both committees, is in the near future to be reported to the Executive Committees of both Corporations. In the case of Technology, before the plan is considered by the Corporation as a whole, it will be submitted to the Faculty; then together with the report of the Faculty, it will be referred to the Alumni, and after they have discussed the matter, the Corporation will take action.

The plan which has been drawn up contemplates a division of the educational field. It is in fact to be an alliance between the two institutions with the object of eliminating competition to the mutual advantage of both. The Lawrence Scientific School will pass out of existence, leaving Technology supreme in applied science, while Harvard will have the more advanced work in pure science. The bachelor's, master's and doctor's degrees in the former are to be given by Technology as well as the bachelor's degree in the latter, while Harvard will give the master's and doctor's degrees in pure science.

The two institutions will be governed in the same way as heretofore, with the exception that some of the Harvard Corporation, to be chosen by the Technology Corporation, will form a part of the latter, and some of the Technology Corporation, chosen by Harvard, will likewise be delegated to the Harvard Corporation. Each institution will hold its own funds, but the income from such of Harvard's funds, including the McKay millions, as are applicable to Technology's field will be turned over to the latter.

Such in general is the plan, one calling for sacrifices from both schools, and one which will be also productive of advantages to both. Its final adoption will depend upon whether Technology and Harvard consider the advantages gained to outweigh the sacrifices made.

THE REPUBLICAN PARADE.

All Tech Men Must Be in Line Wednesday Night.

All who intend to participate in this parade are invited to bring horns, flags, banners, and red fire. The Executive Committee urges the various clubs and organizations to provide drags for themselves, and these will be assigned positions in the parade.

Below is given a list of fifteen marshals from each class. The duty of this committee of sixty is to awaken interest in the parade, and to keep the student body informed of the preparations. This committee will meet for a few moments in Room 11, Rogers, at 1 o'clock today (Monday), to receive instructions.

Kommers.

Fifty-two men were present at the first Kommers of the year which was held Saturday evening at the Union. Mr. Guy Ham, a Dartmouth graduate and Assistant United States Attorney spoke on the Republican campaign work.

Republican Club

The second meeting of the Republican Club was held in Huntington Hall on Friday, October 28, at 1.30 P.M. President Lombard called on Mr. Green to speak on the matter of uniforms. On the recommendation of Mr. Green, it was decided to order white overalls and red and gray tasselled caps. A collection was taken to obtain money for hiring a band, and the announcement was made that the parade would form at the Gym. Wednesday, at 7 P.M.

Notice.

There will be a meeting of the Alpha Delta Phi Alumni Association in Room 36, Rogers on Tuesday, November 1, at 1 o'clock. All members of the Alpha Delta Phi fraternity who are in the Institute are invited to be present.

Tech Hockey Club.

The Technology Hockey Club was organized Saturday; the following officers being elected: President: M. E. Vinton; manager and treasurer: H. S. Wilkins; temporary captain: C. H. Loutrel.

Practice is to begin next week at a place to be announced. All men who play hockey are urged to come out as it is probable that a varsity team will be organized.

HANDICAP MEET.

Summary of Saturday's Contest at Technology Field.

The Annual Fall Handicap Games, the first contest on the Technology Field, were run off last Saturday afternoon in the presence of a fair sized audience. All the events were closely contested, and there is every reason for looking forward to a successful season on the track.

The first event of the afternoon was the 100-yard dash. Thirty men started and the first two in each heat qualified for the semi-finals. Leavell, '07 and Richards '07, won their semi-final heats with ease, finishing five yards ahead of the rest. The final heat, won by Wellington, '08, was closely contested and exciting.

Though there were many entries for the 220-yard dash, only a few men ran, so that only four trial heats were necessary. The best time was made in the second trial heat, won by Leavell. All the runners seemed to lose spirit as they neared the finish.

Eight men started in the quarter-mile. Howe, '06, who started with 8 yards handicap, ran a good race and got second place. Loomis, '08, with 25 yards handicap, ran a steady race, and won by five yards.

There were nine starters in the 880-yard run, and for most part the men showed up well.

Nelson finished with a large lead, due much to his 45 yard handicap. Wilson, the scratch man, put up a good race and in the second lap cut down much of the limit man's lead.

At the very start of the mile run Hunter took the pace and held it for three laps. Rose passed him in the last quarter, but Beam caught him in the stretch and won.

The two-mile run furnished the most excitement of the Meet, Lorenz, '05, who was scratch man, quickly overcame the handicaps of the other men. Until the last lap the men were in a bunch, and then Lorenz went to the front, with MacGregor at his heels. Lorenz won by a narrow margin after a hard struggle in the stretch. Clapp, '06, by a hard sprint beat Ruggles, '06, winning third place.

WILLIAM A. NICHOLS, PRINTER, 208 SUMMER ST., REAR

Berkeley, Cal., Oct. 18, 1904.

My Dear Friends of the "Tech Show."

Shortly after the closing of school last spring, I received, through a committee of two, a most beautiful loving cup from you all, in evidence of your regard which so surprised and touched me that my feelings simply could not find speech. You were all so scattered at the time that it was impossible for me to express my thanks to each one of you, and even now I know of no other (and no better) way of reaching you all than through our dear, mutual friend, THE TECH.

Please accept my heartfelt thanks and appreciation of your beautiful gift and the kind words inscribed upon it which find an echo in the warmest corner of the heart of

Yours always,
JANET EDMONDSON WALKER.

Technique '06, offers a prize of five dollars ($5.00) for the best poem or short article handed in before Jan. 1, 1905. Poems not to be over fifty lines, nor articles over 700 words in length. Preferably, both should be comic, and of interest to Tech men in general.

For further particulars, leave word at Cage for "Prize Editor," *Technique '06*.

A *Technique* is also offered as a prize for the five best grinds handed in.

(Continued from Page 1.)

Only four started in the 120-yd hurdle, so only one heat was necessary. The finish was very close. Ovington, '05, who started scratch, ran a good race, and was only one yard behind Farrington, '05.

Of the entries in the 220-yard low hurdles, only four started. The event was sharply contested. Captain Lindsly held the lead from start to finish. Buckingham, '06, fell within fifty yards from the finish, leaving Ovington and Albro to contest second and third places.

The hammer throw had three entries. The men had trouble keeping the hammer from the ground before the throw. Practice should eliminate this however. Lindsly showed good form in his throw except for this trouble.

Six men contested in the shot put. Considering that this is the beginning of the season and the men have not had much opportunity to train, the work was very good.

The high-jump was as good as could be expected with a soft take-off. Farrington, '05, showed some of his old-time form by a jump of 5 feet 5½ inches, but Guernsey's handicap won first place. Most of the men showed good form, and there ought to be good material in this event next spring.

The pole vault dragged somewhat considering that only three were entered. Lack of training was very noticeable. Ovington and Burleigh tied for first place.

The discus-throw developed nothing very interesting. Lindsly easily won from his two competitors by a throw of 95 feet 1 inch. The throws were all short.

A rather bad showing was made in the broad jump, none of the men making more than 18 feet, actual jump. All had trouble on the take-off. Summary:

100-yard Dash.

First Heat—Wellington, '08, 6 yds; Richards, '07, 2 yds. Second Heat—Gibbons, '06, 3 yds; Todd, '08, 4 yds. Third Heat—Sheldon, '06, 5 yds.; Thomas, '07, 4 yds. Fourth Heat—Griffin, '06, 6 yds.; Friedman, '08, 5 yds. Fifth Heat—Leavell, '07, 4 yds. Howe, '06, 3 yds.

Semi-Finals.

First Heat—1st. Richards, '07, 2 yds. 2d. Wellington, '08, 6 yds. 3d. Sheldon, '06, 5 yds. Second Heat—1st. Leavell, '07, 4 yds. 2d. Friedman, '08. 5 yds. 3d. Thomas, '07, 4 yds.

SUPPLEMENT TO THE TECH

BOSTON, MASS., MONDAY, OCTOBER 31, 1904.

TECH vs. HARVARD.

Cross Country Race has been Arranged for Field Day.

It was announced in THE TECH some time ago that an attempt was being made to have a cross country race with Harvard on Field Day. Arrangements have now been completed, and a race for that day is assured. The finish will be on the athletic field, thus adding another event to those of former Field Days.

The teams will consist of six men each. This is one more than last year's team had. For material from which to pick the team we have much that is good, and an excellent showing is to be expected.

The first trials of the candidates for the team will be on November 1, the first five men being selected. The second trials will be on November 5, when the remaining man and substitutes will be selected. The training table will be started on Tuesday, November 1, and will last until the race.

Captain Lorenz and Coach Mahan will in a few days take the candidates over the course to make them familiar with the lay of the land.

1906 Class Meeting.

A meeting of Class of 1906 was held in Huntington Hall, October 28. The secretary's and treasurer's reports were read. An assessment of 50 cents per member was voted. It was decided to hold a Class dinner some time in November, and President Williams is to appoint a committee to arrange for it. After a discussion on the Republican parade the meeting adjourned.

Notice to Candidates.

All candidates are invited to assemble with THE TECH Board, in the Republican parade, November 2.

C. E. SOCIETY MEETING.

Interesting Talk on the New Charles River Bridge.

A meeting of the Civil Engineering Society was held Friday, October 28, in Room 11, Eng. B, and was attended by a large number of students. The secretary read a list of Civil Engineering students who wished to join the Society, and said that they would be considered and voted on at the next meeting. An interesting, illustrated address on the New Charles River Bridge, was given by Mr. Cheney who has superintended the construction of the bridge from its beginning. Mr. Cheney has the reputation of being one of the most distinguished bridge engineers in the country, and he gave an extended account of the method of construction involved in the masonry and steel work. The bridge, when completed, will be a very imposing structure, and ought to prove of great interest to all Civil Engineering students at Tech. It is realized by only a few Tech men, what a triumph of bridge engineering we have within five minutes' walk from Boylston Street.

Freshman Class Meeting.

At the Freshman Class Meeting held Saturday, October 29, Chairman McGuigan appointed the following committee to make arrangements for the Freshman dinner Friday, November 4, at the Union: W. G. Ames, Chairman; A. Ellis, and Witmer. All ballots for Class elections must be in before 6 P.M., Wednesday, November 2. Results of the election will be announced at the dinner Friday night. The Class is to have some new yells soon. Chairman McGuigan urged every man in the Class to be in line in the parade Wednesday night.

WALKER CLUB RECEPTION.

Large Gathering of Men from Other Colleges at Technology Club.

The reception given by the Walker Club to men who have come here this year from other colleges was held at the Technology Club Friday evening. Over a hundred attended and had an opportunity to become acquainted with one another and with members of the Faculty, as well as to learn something of the non-technical side of Tech life.

Mr. Guy Lowell, '94, President of the Technology Club, welcomed the guests and outlined the reasons which have led to this annual gathering, and which caused the Walker and Technology Clubs to take the matter in charge this year. W. C. Marsh, '05, President of the Walker Club, spoke on behalf of that Club and was followed by S. A. Greeley, '05, who told of some of the opportunities for graduates of other colleges to take an active part in the non-technical undergraduate work. Dean Burton spoke in his usual genial way, emphasizing the necessity that Tech students who wish to become live, broad men, take an active part in some form of undergraduate activity. Dr. Pritchett concluded the talks with some exceedingly interesting reminiscences of German student life particularly appropriate to the occasion. The gathering then dispersed to the various rooms to enjoy for the remainder of the evening the dual hospitality of the Technology Club and the Walker Club.

A new rule at Columbia provides that a high average in studies must be maintained not only by athletes, but also by all men who represent the college in any line of activity.

TICKET AUCTION.

How Seats Will be Sold for Coming Field Day.

The formal dedication of the new Technology Athletic Field will be made on the occasion of Tech Field Day, Saturday, November 12. The events as in former years will consist of a football game, a relay race, and a tug-of-war, the first of which will commence at 2.15 P.M. sharp.

In view of the fact that the number of available seats is limited, these will be first placed on sale at auction at the Gym. on Thursday, November 3, at 1 P.M. Tickets remaining unsold after the auction or not applied for by mail, may be had of H. J. Mann, '06, at the regular price, $1.00.

The Harvard Parade.

At a meeting of the Harvard Republican Club, last Thursday, October 27, the speaker who announced the plans for the Harvard parade on Wednesday, November 2, said that they were going to march into Boston, and that they wanted to outdo Tech. Since they expect to have about 1500 men in line, we have got to have every man in Tech out, if we wish to prevent Harvard from carrying out this threat. The Harvard parade will form in line at 8.15 P.M., on Massachusetts Avenue, below Harvard Square. It will then march through the Square, up Massachusetts Avenue to Lee Street, up Lee Street to Massachusetts Avenue again, over Massachusetts Avenue to Columbus Avenue, from there to Park Square, over Boylston, Washington and School, then down Beacon Street, and dispersed on Charles Street. Every Harvard man will have a cap, gown and torch, and their division promises to be a showy one.

Tug-of-War.

Both tug-of-war teams commenced daily practice last Monday, behind the Gym. The general interest in this event is equally low in both classes, and the number of candidates who are regular in attendance at the practice of each team is about thirty-five. Present conditions indicate that the Sophomores will not only equal last year's team in weight, but will exhibit a much more effective pull than formerly. Only fifteen of last year's men are out, however, so that there is still a chance for good men to obtain places.

The Freshmen, under the guidance of a few Juniors, are progressing slowly, since their form is as yet extremely ragged. The candidates on the whole are of light weight and will require much severe practice before they can acquire the necessary amount of endurance. The attendance is rapidly increasing however, and it is probable that a better team will soon be developed.

Glee Club.

The Glee Club for the present will be composed of the following men: Jackson, Mullen, Evans, Keyes, Tees, Johnson, Gardner, Buswell, Noyes, Dill, Griffin, T. M. Gunn, Ellis, Robbe, Cook, Rice, S. Gunn, Freetby, Gimson, Wiswell, Burnap, Seaver, Clark, Orchard, Woodbridge, Henderson, Killion, Babcock, Powell, Furer.

Hollis Street Theatre.

William Gillette is one of the most popular stars here, and the announcement of his coming is enough to pack the Hollis. His visit is particularly welcome, for he brings "The Admirable Crichton," J. M. Barrie's comedy, which ran all last winter in New York, and had an equal London triumph.

Park Theatre.

May Irwin has never made a greater success in Boston than in "Mrs. Black is Back," and her return to the stage is the talk of the town. She is funnier than ever, and the songs which she sings are whistled everywhere. This is her last week, as she must now go to New York for a long engagement.

Colonial Theatre.

Fritzi Scheff is the idol of all the college boys in town, and they are of the universal opinion that "The Two Roses" is one of the daintiest and brightest comic operas ever seen in Boston. The vivacious prima donna is just as fascinating as ever, and sings delightfully as Rose.

Chess Club.

The first meeting of the Chess Club of Technology was held last Saturday. Nominations were made for officers for the coming year.

The Technology Review

A QUARTERLY MAGAZINE DEVOTED TO THE INTERESTS OF THE MASSACHUSETTS INSTITUTE OF TECHNOLOGY

AND

Published by the Association of Class Secretaries

71 Newbury Street, Boston

The Review aims to develop closer relations among Institute men, and to stimulate their interest in the work of the College.

It is in no sense an engineering magazine, but deals broadly with the problems of Technological Education and the responsibilities of the professional man.

1907 0, Vaughn Preparatory School 0.

The Sophomore team played Vaughn Preparatory School on Saturday at Wood Island Park, in East Boston. The game was a tie, neither side scoring. 1907 played a rushing game, and Vaughn was forced to do considerable punting, although the crowd interferred to such an extent that neither side could do itself credit.
